

Before China - To-Do

Flying out 31 May 2026

MOST URGENT (print turnaround = real deadline)

- ☐ **T-shirt: finalise the Dance Parlour glowing-pinecone design in Canva, reworded to 'Lady Bunya - Unique Australian Cultural Experiences'. Export PNG, transparent background.**
- ☐ **Confirm a T-shirt printer AND their turnaround time NOW - this is the tightest deadline before 31 May.**
- ☐ **Logo: make a transparent-background PNG version (no cream texture) for the shirt, card and web.**

WEBSITE (so the QR code points somewhere real)

- ☐ Glen: build the 3-tile homepage + the Cultural Experience page (copy is finished - 'cultural-experience-page-FINAL').
- ☐ Move old service pages to TRASH (Sanskrit, Wayapa, Gardening, Eco-Therapy, Vocal Coaching, Public Speaking, Workshops). Wayapa especially - insurance reason.
- ☐ Add Glen's guest directions into the FAQ (the [ASK GLEN] placeholder).
- ☐ Final read of the Acknowledgement of Country wording - does it sit right?
- ☐ Generate the website QR code for the card + T-shirt (Claude can make this once the page is live).
- ☐ Glen: test the live site loads acceptably from China (behind the Great Firewall).

BUSINESS CARD (for SNEC networking)

- ☐ Polish the Canva business card: ocean-green / gold, transparent logo.
- ☐ Add TWO QR codes: your personal WeChat QR (from the WeChat app) + the website QR.
- ☐ Test-print small - check the fine gold lines and the QR codes still scan.

NICE TO HAVE (if time)

- ☐ Photos: gather what you have for the website; note what still needs taking.
- ☐ Add real social links - WeChat (QR), LinkedIn, RedNote.
