

Photo Shot List

For the website - shoot day Thursday

Mapped to the empty image slots on the site. 'Wide' = landscape banner (hero/header). 'Portrait/Square' = fits the 3-tile layout. Aim for warm, natural light; Sharni relaxed, not posed.

THE HERO IMAGE (Cultural Experience page - top)

- ☐ **Sharni in the landscape**
The single most important shot. Sharni in the forest or by the fire, warm and welcoming - the 'off-grid life above the city' feeling. If you can frame the distant city/bay behind forest, that's the story in one image.
Format: Wide landscape (banner)
- ☐ **Alternative hero - fireside**
Sharni by the fire indoors, cosy - the wet-weather/cool-temperate mood. A backup hero for the colder palette.
Format: Wide landscape

THE THREE HOMEPAGE TILES

- ☐ **Cultural Experiences tile**
Something evocative of the experience - forest path, Sharni welcoming, a drink by the fire.
Format: Portrait or square
- ☐ **Freedom Moves tile**
Dance/movement energy - can be from a class or a joyful movement shot.
Format: Portrait or square
- ☐ **Dance Parlour tile**
Bold, fun, glow - fits the burgundy/green/gold party vibe. (Can wait til after Aug launch if needed.)
Format: Portrait or square

ABOUT PAGE

- ☐ **Sharni portrait**
A warm, genuine portrait - this sells the 'book a person' side. Natural, approachable, her real self. Also doubles for the business card.
Format: Portrait
- ☐ **Sharni in her world**
Wider environmental portrait - her in the garden, on the property, in the community. Context for her story.
Format: Wide or portrait

THE ACTIVITIES (Cultural Experience page body)

- ☐ **Forest walk**
The mountain ash / messmate / rainforest understorey. Light through trees. Can include Sharni walking or just the place.
Format: Wide landscape
- ☐ **The gardens**
The garden wander - texture, colour, growing things.
Format: Landscape or square
- ☐ **Walk to the dam**
The 'stunning views of Maroondah Dam' - or the property's own dam. The water + bush.
Format: Wide landscape

- ☐ **Wildlife (if lucky)**
Wombat or lyrebird through/near the lounge window, if you can catch them. Even the window-with-view sets the scene. Your existing footage helps here too.
Format: Any
- ☐ **Fireside craft / keepsake**
The pressed-flower craft - hands, dried flowers, the keepsake. Warm detail shot. Conveys the 'circular economy' touch.
Format: Square or portrait
- ☐ **The welcome drink**
A hot or cold drink in the lounge - the 'settle in' moment. Cosy detail.
Format: Square
- ☐ **The intentional community**
A tasteful, privacy-respectful shot of the off-grid community setting (mind neighbours' privacy / get consent).
Format: Landscape

A DAY IN THE YARRA VALLEY

- ☐ **Healesville / valley scene**
A winery, the main street, the Memo, or a valley vista - the 'day out' offering.
Format: Wide landscape
- ☐ **Community garden plot**
Sharni's plot at Coronation Park - her hands in the soil, the produce.
Format: Landscape or square

PRACTICAL REMINDERS

- ☐ **Shoot wide AND tight**
Capture each scene as a wide banner crop AND a tighter portrait/square - the site needs both shapes.
Format: -
- ☐ **Consents & privacy**
Get consent from anyone identifiable; be mindful of the residential community's privacy.
Format: -
- ☐ **Brand feel**
Warm natural light, ocean-green/bone/gold mood, unhurried and genuine - not stocky or staged.
